

## SaniQ 380

### Polymeric Protector Solution ~ Stay-On

5 litres bottle

Packaging: 4 x 5 litres / carton  
Product Code: CDP8218-5LT

#### Description

SaniQ 380 is a ready to use, antimicrobial, self-disinfecting, coating spray that kills 99.9999% of germs and bacteria upon contact. Tested and proven effective for 90 days to actively destroys microbes on the protected surface.

SaniQ 380 uses Si-QAC technology to transform any surface into a germ fighting surface. When applied, it forms a clear anti-microbial coating on the surface and actively destroys any microbe upon contact, protecting it for 24/7 against 99.9999% of germs. It coats and protects surfaces with proven 90 days, 24/7 anti-microbial properties.

The invisible protective coating is transparent and does not affect the appearance of surfaces. Suitable for high-touch surfaces including glass, metals, plastic, fabric, leather, and other hard surfaces.

- Kills 99.9999% of germs.
- Anti-microbial properties.
- Proven effective for 90 days.
- Non-toxic – Neutral pH, low chemical concentration.
- Reduces cross contamination.
- Water-resistant – Coating remains on even with repeated washings.
