Q&A

Where can this product be used?

This product is ideal for use in hotels, offices, theatres, auditoriums, buses, retail shops, and washrooms. It should not be used in food preparation areas only.

How long does the fragrance last?

The concentrated formula provides long-lasting freshness, with recommended reapplication every 3–4 hours.

What makes this product different from regular air fresheners?

It not only freshens the air but also contains a Quaternary Biocide that helps eliminate airborne bacteria, making it both a deodorizer and a hygiene solution.

Will the scent be overpowering?

No, because it is concentrated. Light misting is recommended to avoid overpowering fragrance.
