Q&A

Where can this product be used?

This product is ideal for use in food preparation areas, commercial kitchens, housekeeping operations, healthcare facilities, and institutional environments.

What certifications and standards does this product meet?

This product is Green Label Certified, meeting recognized environmental and safety performance standards for responsible cleaning.

How does this product support hygienic cleaning without harsh chemicals?

It delivers hygienic cleaning through active surfactants and a neutral pH formula—without harsh acids, alkalis, or chlorine.

How is this product cost-effective for daily use?

Its concentrated formula requires only 2–3 pumps per 5 litres of water, reducing chemical consumption per clean. Its dual-purpose application also lowers the cost per use for daily cleaning operations.
