Q&A

Where can this product be used?

This product is ideal for use in both food-contact items and general surface cleaning, making it suitable for kitchens, pantries, and cleaning areas.

What is the active ingredient of this product?

The active ingredient is a Quaternary Ammonium Compound (Benzalkonium Chloride). It is formulated in accordance with NEA's guidelines for "Active Ingredients and Their Working Concentrations Effective Against Coronaviruses."

How is this product cost-effective for daily use?

Its concentrated formula with controlled dosing, dual-use for dishwashing and surface cleaning reduces consumption, refills, and the need for multiple cleaners.

PRODUCT SPECIFICATIONS

Active Ingredients	: Quaternary Ammonium Compound (Benzalkonium Chloride) - 0.4%
Net content	: 2.5LT
Formulation	: Clear liquid with mild fragrance

DIRECTIONS OF USE

1. For manual dishwashing:

- **Light / medium grease**

Dilute 2 pumps in 5 litres of water. Wash the dishes and soak for 5 minutes, then rinse.

- **Heavy grease**

Use undiluted. Wash the dishes and soak for 5 minutes, then rinse.

2. For general surface cleaning:

Dilute 2 pumps in 10 litres of water. Clean surfaces and allow to air dry or rinse off.
