Q&A

Where can this product be used?

This product is ideal for use in surface where food safety is required like fridges, freezers, microwaves and cold display units.

What is the active ingredient of this product?

The active ingredient is a Quaternary Ammonium Compound (Benzalkonium Chloride). It is formulated in accordance with NEA's guidelines for "Active Ingredients and Their Working Concentrations Effective Against Coronaviruses."

Why can I trust the antibacterial effectiveness of this product?

Their antibacterial activity is tested to BSEN 1040:2005, the European Standard for Chemical Disinfectants and Antiseptics.

How is this product cost-effective for daily use?

It cleans and disinfects in one rinse-free step, reducing product usage, labour time, and operational costs.
